Thames Class

World Book Day 2024

When I grow up I want to be a baker and make cookies.
Ivee-Grace

The children in Thames Class dressed up for a job they would like to do when they are older or a job that some one in their family does.

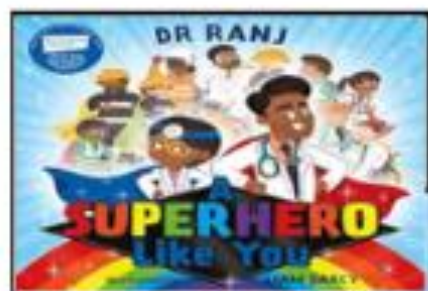

I am dressed up like my Grandad in his work clothes because I want to fix things like Grandad when I am bigger.
Jaxon

Danube Class

BOOK
DAY
7 MARCH 2024

World Book Day 2024

We read the book and guessed what the jobs were that were 'super'. Not all superheroes wear their pants on the outside!

Drama! We acted out the superhero roles for our friends to guess.

Speaking and listening!
We used our talk partners to think of and discuss what the heroes do when they are at work.

JOB	WHAT THEY DO	WHAT THEY WEAR
DOCTOR	They give medicine to people who are sick.	White coat
PHYSICIAN	They help people who are hurt.	White coat
THE AMBULANCE DRIVER	They take people to the hospital.	Blue uniform
LABORER	They build things like houses and roads.	Blue overalls
RECYCLING TRUCK DRIVER	They take away rubbish and bring it back to the factory.	Blue uniform
SCIENTIST	They study things like plants and animals.	White lab coat
ART	They make pictures and things to look at.	White t-shirt

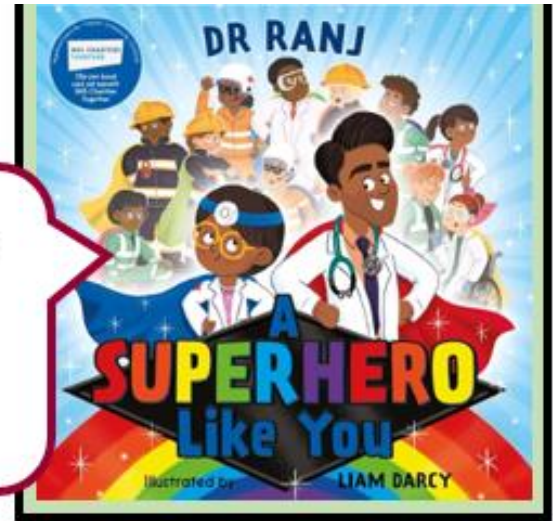

We thought of other 'real superheroes' and what makes them special.

Seine Class

World Book Day 2024

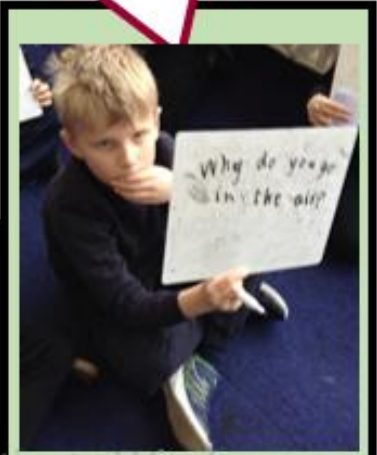

How far do you have to travel in your air ambulance to help people? - Elsie

I want to ask the Scientist 'What do you do if your potions don't work - Ethan

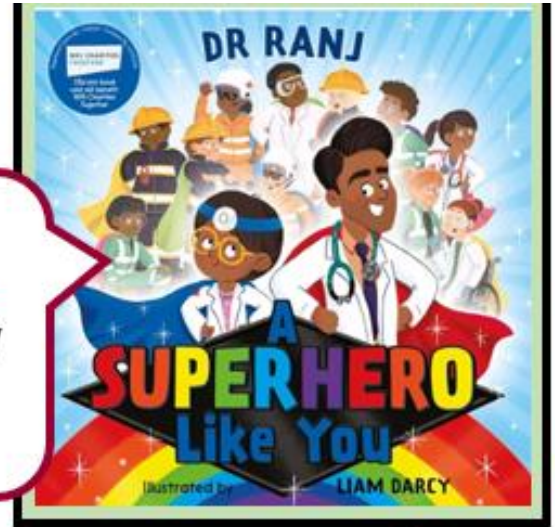

I want to ask the Air Ambulance Paramedic; Why do you go in a helicopter? - Peyton

World Book Day 2024

Lots of jobs are really important in Sharlston because sometimes they help others.
-Joseph & Lois

When I am older I want to be a dentist and earn lots of money.
-Ariana

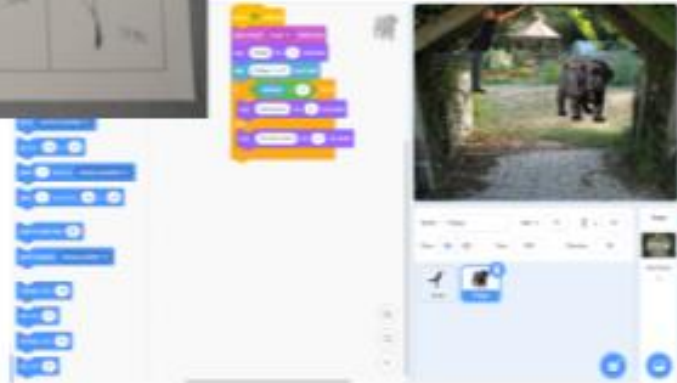

I liked our book because it was about different people's jobs that help us even when they risk their lives.
-Ashton

World Book Day 2024

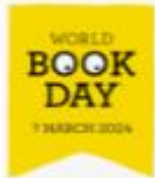

Our activities were inspired by our book "What do scientists do all day?" by Jane Wilsher

We created software using Scratch, rain gauges as meteorologists, studied plants as botanists and practised first aid as paramedics.

Rhine Class

World Book Day 2024

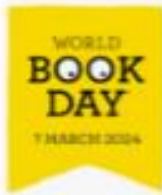

We created software using Scratch, rain gauges as meteorologists, studied plants as botanists and practised first aid as paramedics.

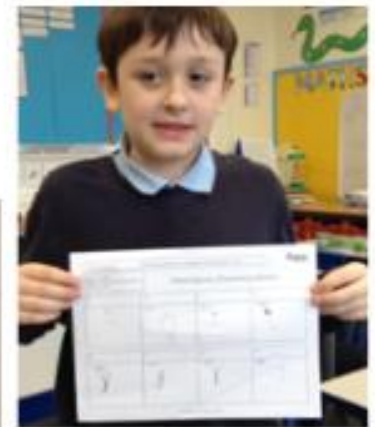

Our activities were inspired by our book "What do scientists do all day?" by Jane Wilsher

Nile Class

World Book Day 2024

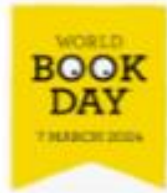

We created software using Scratch, rain gauges as meteorologists, studied plants as botanists and practised first aid as paramedics.

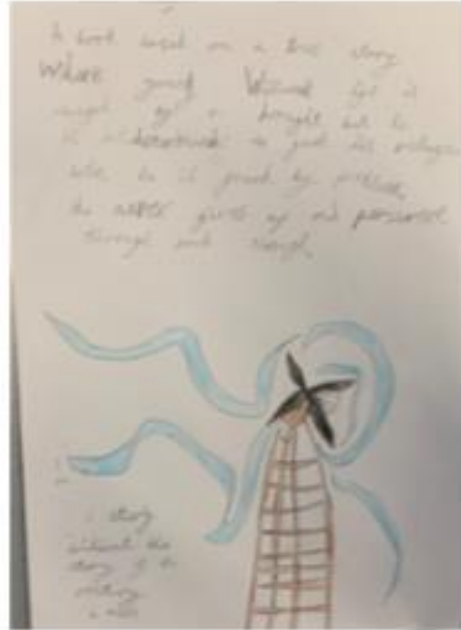

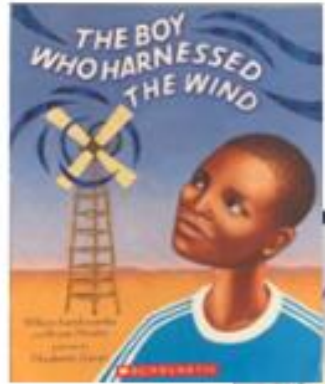

Our activities were inspired by our book - What Do Scientists Do All Day? by Jane Wilsher

Amazon Class

World Book Day 2024

Below is a blurb, that we created to persuade people to read the book.

The true story of a boy, who went to a library and set himself a goal to build a windmill to create water and power for his home town. Darcey

Our book 'The boy who harnessed the wind' met our theme as William had ambition to improve his home town.

1 MARCH 2024

World Book Day 2024

Our class created blurbs, book reviews and presentations to show how fantastic our class book was!

14 year old William and his family live in Malawi in Africa. One day, there was a drought and the people had to battle to survive. It was up to William to save his people...
Chloe

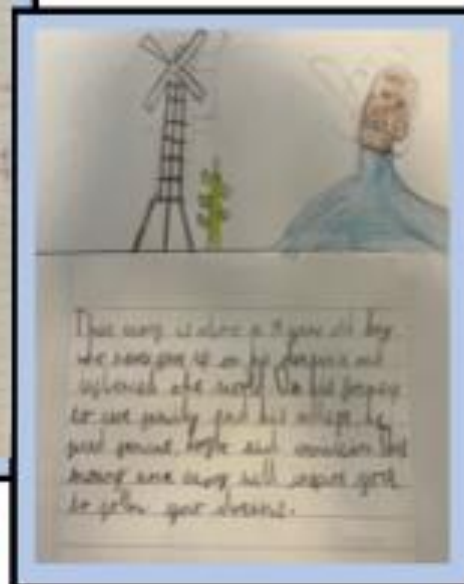

Our book met the theme as it looked at the difficult job of farming in other countries and how William used his ambition to help save Malawi.

It is a brilliant book about a boy called William, who was affected by a drought. He spent most of his days trying to find out a way to cure all the misery. After persevering, he learnt how to build and construct a windmill because of his ambition to help his people.

World Book Day 2024

Zambezi Class

"This story is about a 14 year old boy, who never gave up on his dreams and influenced the world."

"This wonderful book makes you believe that anything is possible, if you put your mind to it."

"We believe that everyone should be inspired by William's moving story and be grateful for what we have."
